

2018 YEAR IN REVIEW

\$1 BILLION

Secured the Proposition 56 supplemental budget bill, which appropriates over \$1 billion in funding for improved access to care.

Achieved record-setting 6.24 percent increase in membership with a 92 percent retention rate.

Defended the medical profession and patients from dangerous legislation, including AB 3087 (Kalra).

Drafted and filed a 2020 Sugar-Sweetened Beverages tax ballot initiative.

Helped the Tulare Regional Medical Center medical staff restore independence and self-governance against the hospital.

Stopped predatory practices by health insurance companies, including attempts to substantially limit same-day services (modifier -25 payments).

Recouped nearly \$11 million from payors on behalf of CMA's physician members – a record year!

Launched a mobile app, as well as updated brands and websites for CMA, PHC, CALPAC and 20+ component medical societies.

Secured \$30 million commitment from Blue Shield of California to support the launch of a Physician Services Organization.

Secured \$200 million to establish a loan repayment program and \$40 million for the University of California to support, retain and expand physicians trained in California.
